

ABOUT US

Welcome to New Riverdale

At New Riverdale, we have created a modern oasis fusing world-class rehabilitation with top-tier nursing care. Overlooking the Henry Hudson Parkway and situated minutes from the iconic George Washington Bridge, New Riverdale stands apart as a unique metropolitan-influenced facility.

New Riverdale provides every resident with a personalized plan of care -- complete with relaxing accommodations, state-of-the-art clinical programs, and expert medical care -- to help promote healing of mind and body, in both long-term and post-acute settings.

Our multi-floor facility boasts dual glass atriums designed to make the interior space come to life, a large outdoor courtyard with stunning views of majestic trees and azure skies, and two home-style-cooking-inspired dining rooms. From quality of care to quality of life ... New Riverdale provides a distinctly delightful atmosphere for each resident.
